

## **SELLERS WELCOME LETTER!**

**Agent's Note: Select the copy below and paste it into an email to send to your seller accounts when you give them their FREE Listingbook account.**

**Subject line:** Look for your LISTINGBOOK account - Track area sales

Dear Bob and Joan,

I have set up a special Listingbook account for you that I provide as a service to my clients. This will give you access to the same database that we use in the real estate business and you can access it 24/7, from any computer.

Your account is free and loaded with powerful and helpful tools you will not find in any other service. It is extremely easy to use.

You will get an email from Listingbook Messenger to activate your user code and password. Please make sure to WRITE THEM DOWN!!

To make sure the Listingbook email isn't sent to a SPAM folder by mistake, please add [mailservice@listingbook.com](mailto:mailservice@listingbook.com) to your address book or contacts.

With Listingbook you can easily:

- Stay informed about new listings and price changes in your neighborhood.
- See how many people are interested in your home, and get measurable results of my marketing efforts to get your home sold.

Call me if you have any problems. Otherwise, log in and play with it for awhile. My past clients have raved about its power and I am very proud to be able to offer it to you.

I look forward to working closely with you and hearing from you soon.

Sincerely,
